& WORKFORCE DEVELOPMENT**

**Alaska Workforce Investment Board  
Youth Council Committee Report  
October 28, 2008**

---

The Youth Council has only met once since the May AWIB meeting. Their yearly 'Face to Face' meeting was held September 5, 2008. Topics included membership (lack of attendance), involving youth on boards and commissions, Youth Council Bylaw (membership) requirements, youth grants, and the resolution process.

The committee is soliciting names for prospective new members. The committee also will be adding a youth representative to the membership. A cover letter and application document have been drafted.

Any work on the Strategic Plan has been tabled until January 2009.

The Youth Council was solicited by Division of Business Partnerships to write a letter of support for the two requests for waivers submitted to the Executive Committee on Youth Common Measures and Literacy/Numeracy.
